CAMBRIDGE  
PARTNERSHIP**

Growing and sharing prosperity

### **Cambourne to Cambridge leaflet amendment – Tuesday 14 November 2017**

Consultation opened on the Cambourne to Cambridge better bus journeys scheme on Monday November 13.

A content error was subsequently identified in one part of the consultation leaflet (page 18, total journey time Route C; impact on bus on general traffic routes A/B). We have been able to swiftly rectify the online version and print versions are being updated.

We are now in the process of contacting a number of local households, in Coton, Madingley, Dry Drayton and parts of the Madingley Road area, where the earlier version of this leaflet was delivered, in order to issue a replacement leaflet and the opportunity to resubmit their response.

In addition, and for the same purpose, we are contacting as far as possible the small number of people who have completed the online survey. This does not affect any online submissions made after 2.29pm today, Tuesday 14 November.

We apologise for any inconvenience caused by this unintentional error.

The consultation runs from 13 November for ten weeks, through to January 22, and we encourage everyone to have their say on improving bus, cycling and walking journeys to Cambridge from towns and villages to the west.
