

Ref: Chisholm Trail/Abbey-Chesterton Bridge

Tarmac Infrastructure
Ditton Walk Site Compound
Cambridge
CB5 8PX

12 August 2019

Dear Sir/Madam,

Tarmac Infrastructure have been contracted by the Greater Cambridge Partnership and Cambridgeshire County Council to construct the **Chisholm Trail and Abbey-Chesterton Bridge**. Together this path and bridge, along with an underpass of Newmarket Road, will form Phase 1 of a new foot and cycle route through the city. Further information about the project can be found at www.greatercambridgepartnership.org.uk/chisholm.

As part of these works, we will be starting piling to create the foundations of the new bridge and new jetty from 19 August 2019. The new bridge will be located next to the railway bridge on Ditton Meadows.

Works will take place on week days until October 2019 during the daytime from 08:00 hours to 18:00 hours. Please note the piling works will not be continuous throughout this period. These works will create noise and vibrations, which will be closely monitored throughout construction to ensure they do not breach acceptable limits.

If you wish to discuss this work and how it could affect you, please contact the Site Manager Jason Sparks on Jason.sparks@tarmac.com or via our out of hours number: 0800 876 6087.

We aim to complete our works with the minimum of inconvenience and interference to residents, however, some noise and disruption is unavoidable and for this we apologise.

I thank you in advance for your co-operation.

Yours faithfully,

Jason Sparks
Site Manager
